7 optional PDI product labels

NEED HELP CHOOSING THE RIGHT DISINFECTANT?

We combine material testing & manufacturer collaboration to help you choose the right disinfectant with confidence.

SEARCH OUR COMPATIBILITY DATABASE

Scan to identify the right disinfectant for your device.

1. **Search** by device or manufacturer
2. **Find** which PDI products are approved for use
3. **Tag** your device with the correct product indicator

SANI-TAG® EQUIPMENT ID SYSTEM

Helps staff quickly identify the right disinfectant for each device, reducing guesswork and supporting compliance. Available in small and large sizes for the right fit across all equipment.
