SAFETY DATA SHEET

1. Product and Company Identification

Product identifier: Prevantics® Swab, Swabstick and Maxi Swabstick
Other means of identification: Not available
Recommended use: For the preparation of the patient's skin prior to an injection/surgery.
Recommended restrictions: For Professional and Hospital Use
Manufacturer/Importer/Supplier/Distributor information:
Company name: Professional Disposables International, Inc.
Address: Two Nice-Pak Park
Orangeburg, NY 10962-1376
Telephone: Phone (USA) 1-845-365-1700 (M-F 9am - 5pm)
E-mail: pdihc.com
Emergency phone number: 1-800-999-6423

2. Hazards Identification

Physical hazards: Flammable solids
Health hazards: Serious eye damage/eye irritation
Environmental hazards: Not determined.
OSHA defined hazards: None additional.

Label elements:

- Signal word: Warning
- Hazard statement: Flammable solid.
- Causes serious eye damage.
- Precautionary statement:
  - Prevention: Keep away from heat/sparks/open flames/hot surfaces. - No smoking. Use only in a well-ventilated area. Wear gloves/eye protection.
  - Response: If inhaled: Remove person to fresh air and keep comfortable for breathing. If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a poison center/doctor.
  - Storage: Store in a well-ventilated place. Keep container tightly closed.
  - Disposal: Dispose of waste and residues in accordance with local authority requirements.
- Hazard(s) not otherwise classified (HNOC): None known.
- Supplemental information: Not applicable.

3. Composition/Information on Ingredients

Mixtures

<table>
<thead>
<tr>
<th>Chemical name</th>
<th>Common name and synonyms</th>
<th>CAS number</th>
<th>%</th>
</tr>
</thead>
<tbody>
<tr>
<td>Isopropanol</td>
<td></td>
<td>67-63-0</td>
<td>70(v/v)</td>
</tr>
<tr>
<td>Chlorhexidine gluconate</td>

<td>18472-51-0</td>
<td>3.15(w/v)</td>
</tr>
</tbody>
</table>

Composition comments: Active ingredient(s) are listed above.
### 4. First Aid Measures

**Inhalation**
If breathing is difficult, remove to fresh air and keep at rest in a position comfortable for breathing. Call a physician if symptoms develop or persist.

**Skin contact**
In case of skin irritation, discontinue use of product. Wash off with soap and water. Get medical attention if irritation develops and persists.

**Eye contact**
Immediately flush eyes with plenty of water for at least 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Get medical attention immediately.

**Ingestion**
If swallowed, get medical help or contact a Poison Control Center immediately. Immediately rinse mouth out with water. Do not induce vomiting. If vomiting occurs naturally, have victim lean forward to reduce risk of aspiration. Never give anything by mouth if victim is unconscious, or is convulsing.

**Most important symptoms/effects, acute and delayed**
Symptoms may include stinging, tearing, redness, swelling, and blurred vision. Permanent eye damage including blindness could result.

**Indication of immediate medical attention and special treatment needed**
Provide general supportive measures and treat symptomatically.

**General information**
Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves. Use with care in premature infants or infants under 2 months of age. These products may cause irritation or chemical burns.

### 5. Fire Fighting Measures

**Suitable extinguishing media**
Alcohol resistant foam. Carbon dioxide (CO2). Dry chemical.

**Unsuitable extinguishing media**
Not available.

**Specific hazards arising from the chemical**
During fire, gases hazardous to health may be formed.

**Special protective equipment and precautions for firefighters**
Firefighters must use standard protective equipment including flame retardant coat, helmet with face shield, gloves, rubber boots, and in enclosed spaces, SCBA. Structural firefighters protective clothing will only provide limited protection.

**Fire-fighting equipment/instructions**
In case of fire and/or explosion do not breathe fumes. In the event of fire, cool tanks with water spray. Move containers from fire area if you can do so without risk.

**Specific methods**
Use standard firefighting procedures and consider the hazards of other involved materials. Move containers from fire area if you can do so without risk. Cool containers exposed to flames with water until well after the fire is out. In the event of fire and/or explosion do not breathe fumes.

**General fire hazards**
Flammable solid.

### 6. Accidental Release Measures

**Personal precautions, protective equipment and emergency procedures**
Wear appropriate protective equipment and clothing during clean-up. For personal protection, see section 8 of the SDS.

**Methods and materials for containment and cleaning up**
Eliminate all ignition sources (no smoking, flares, sparks, or flames in immediate area). For waste disposal, see Section 13 of the SDS.

Never return spills in original containers for re-use. Collect and dispose of spillage as indicated in section 13 of the SDS.

**Environmental precautions**
Avoid discharge into water courses.

### 7. Handling and Storage

**Precautions for safe handling**
**WARNING**
Flammable, keep away from fire or flame.
For external use only.
Do not use with electrocautery procedures.
Do not use under occlusive patches.
Use according to package label instructions.
Do not use on on patients with known allergies to chlorhexidine gluconate or isopropyl alcohol. Do not use for lumbar puncture or in contact with the meninges. Do not use on open wounds or as a general skin cleanser.
Discard after single use.

Wear appropriate personal protective equipment.
Do not get this material in contact with eyes.
Avoid prolonged exposure. Provide adequate ventilation.
Do not handle, store or open near an open flame, sources of heat or sources of ignition.
Observe good industrial hygiene practices.
Use care in handling/storage.
Conditions for safe storage, including any incompatibilities

Store between 68°F and 77°F (20°C - 25°C).
Do not store at temperatures above 40°C (104°F).
Keep from freezing.
For hospital and professional use only.

Keep away from heat, sparks and open flame.
Store in a cool, dry place out of direct sunlight.
Store in a well-ventilated place.
Store in original tightly closed container.
Store away from incompatible materials (see Section 10 of the SDS).
Keep out of reach of children.

8. Exposure Controls/Personal Protection

Occupational exposure limits

General hygiene considerations

Handle in accordance with good industrial hygiene and safety practice. Wash hands before breaks and immediately after handling the product. When using do not smoke. When using do not eat or drink.

9. Physical and Chemical Properties

Appearance

Liquid Saturated Swab and Swabstick

Physical state

Solid.

Form

Solid containing liquid.

Color

Clear colorless

Odor

Mild alcohol.

Odor threshold

Not available.

pH

Not available.

Melting point/freezing point

Not available.

Initial boiling point and boiling range

Not available.
Pour point Not available.
Specific gravity Not available.
Partition coefficient (n-octanol/water) Not available.
Flash point 78.0 °F (25.6 °C) Tag Closed Cup
Evaporation rate Not available.
Flammability (solid, gas) Flammable solid.
Upper/lower flammability or explosive limits
  Flammability limit - lower (%) Not available.
  Flammability limit - upper (%) Not available.
  Explosive limit - lower (%) Not available.
  Explosive limit - upper (%) Not available.
Vapor pressure Not available.
Vapor density Not available.
Relative density Not available.
Solubility(ies) Not available.
Auto-ignition temperature Not available.
Decomposition temperature Not available.
Viscosity Not available.

10. Stability and Reactivity
Reactivity This product may react with strong oxidizing agents.
Possibility of hazardous reactions Hazardous polymerization does not occur.
Chemical stability Material is stable under normal conditions.
Conditions to avoid Heat, flames and sparks. Avoid temperatures exceeding the flash point.
Do not mix with other chemicals.
Do not use hypochlorite bleach on fabrics exposed to Chlorhexidine Gluconate.
Hazardous decomposition products May include and are not limited to: Oxides of carbon. Oxides of nitrogen. Hydrogen chloride. Ammonia.

11. Toxicological Information
Information on likely routes of exposure
Ingestion Not applicable under normal conditions of use.
Inhalation Vapors have a narcotic effect and may cause headache, fatigue, dizziness and nausea. Health injuries are not known or expected under normal use.
Skin contact Not expected to be a primary skin irritant.
Eye contact Causes irritation.
Symptoms related to the physical, chemical and toxico logical characteristics Symptoms of overexposure may be headache, dizziness, tiredness, nausea and vomiting. Symptoms may include stinging, tearing, redness, swelling, and blurred vision. Permanent eye damage including blindness could result.

Information on toxicological effects
Acute toxicity Narcotic effects.
Components Species Test Results

|      |          | Rat          | 4396 mg/kg    |

Skin corrosion/irritation
- Prolonged skin contact may cause temporary irritation.

Serious eye damage/eye irritation
- Causes irritation.

Skin sensitization
- This product is not expected to cause skin sensitization.

Germ cell mutagenicity
- The finished product is not expected to have chronic health effects.

Carcinogenicity
- This product is not considered to be a carcinogen by IARC, ACGIH, NTP, or OSHA.

US. OSHA Specifically Regulated Substances (29 CFR 1910.1001-1050)
- Not listed.

Reproductive toxicity
- The finished product is not expected to have chronic health effects.

Specific target organ toxicity - single exposure
- Narcotic effects.

Specific target organ toxicity - repeated exposure
- Not classified.

Aspiration hazard
- Not classified.

Chronic effects
- Prolonged inhalation may be harmful.

Persistence and degradability
- No data is available on the degradability of this product.

Bioaccumulative potential
- No data available.

Partition coefficient n-octanol / water (log Kow)
- Isopropanol: 0.05

Mobility in soil
- No data available.

Mobility in general
- Not available.
Other adverse effects

No other adverse environmental effects (e.g. ozone depletion, photochemical ozone creation potential, endocrine disruption, global warming potential) are expected from this component.

13. Disposal Considerations

Disposal instructions
Follow container label directions carefully. Do not reuse swab/swabstick. Dispose of used swab/swabstick in trash. Do not flush in toilet. Do not reuse empty container. Wrap container and put in trash collection. Dispose of contents/container in accordance with local/regional/national/international regulations.

Local disposal regulations
Dispose in accordance with all applicable regulations.

Hazardous waste code
Dispose in accordance with all applicable regulations.

Waste from residues / unused products
Dispose of in accordance with local regulations. Empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe manner (see: Disposal instructions).

Contaminated packaging
Empty containers should be taken to an approved waste handling site for recycling or disposal. Since emptied containers may retain product residue, follow label warnings even after container is emptied.

14. Transport Information

U.S. Department of Transportation (DOT)
Not regulated as dangerous goods.
Special Provision 47

15. Regulatory Information

US federal regulations
This product is regulated by the US FDA as a drug product.

FDA Registration No: 021524

TSCA Section 12(b) Export Notification (40 CFR 707, Subpt. D)
Not regulated.

CERCLA Hazardous Substance List (40 CFR 302.4)
Isopropanol (CAS 67-63-0) Listed.

US. OSHA Specifically Regulated Substances (29 CFR 1910.1001-1050)
Not listed.

Superfund Amendments and Reauthorization Act of 1986 (SARA)
Hazard categories
Immediate Hazard - Yes
Delayed Hazard - No
Fire Hazard - Yes
Pressure Hazard - No
Reactivity Hazard - No

SARA 302 Extremely hazardous substance
No

SARA 311/312 Hazardous chemical
No

SARA 313 (TRI reporting)

**Disclaimer**

The information in the sheet was written based on the best knowledge and experience currently available. Information contained herein was obtained from sources considered technically accurate and reliable. While every effort has been made to ensure full disclosure of product hazards, in some cases data is not available and is so stated. Since conditions of actual product use are beyond control of the supplier, it is assumed that users of this material have been fully trained according to the requirements of all applicable legislation and regulatory instruments. No warranty, expressed or implied, is made and supplier will not be liable for any losses, injuries or consequential damages which may result from the use of or reliance on any information contained in this document.

**Issue date**

08-October-2014

**Further information**

For any questions surrounding this SDS, please contact the supplier/manufacturer listed on the first page of the document.

**DO NOT USE IF PACKAGE IS OPENED.**
