

SKIN + SITE

Prevent with Prevantics® Antiseptics.

Our swabs feature a **pre-saturated, familiar prep pad** design with a quick **15-second scrub time and 30 second dry time¹** to help reduce preventable infection rates.

Prevent with Prevantics® Device Swab.

Our device swab's 3.15% Chlorhexidine Gluconate and 70% Isopropyl Alcohol formula, with **mechanical friction** disinfection, and **fast 5-second scrub and 5-second dry time²**, work together to **help lower CLABSI* rates**.
