

Full Line Product Catalog

PDI offers a broad range of evidence-based, market-leading *Interventional Care, Environment of Care, and Patient Care* solutions, all designed to help reduce preventable infections, control healthcare costs, and, ultimately, help save lives.*

It is all part of our passion to Be The Difference®, every day.

*Statement is not reflective of the Tru-D® device.

Environment of Care

The environment is a primary, and often unexpected, source of infections. Maintain a clean and sanitary environment with our Environment of Care solutions, which includes **Sani-Cloth®** disinfectants, the number one brand of disinfecting wipes in healthcare.¹

Environmental Disinfection

Sani-HP1™ Germicidal Disposable Wipe²

One minute, one step, one smart choice for daily disinfection—innovative hydrogen peroxide formulation with excellent surface compatibility and no PPE required.

Sani-HyPerCide® Germicidal Disposable Wipe²

A powerful, ready to use hydrogen peroxide formula designed to address HAI-causing microorganisms, including *Clostridioides difficile*, without compromising compatibility.

Super Sani-Cloth® Germicidal Disposable Wipe²

Ideal for daily use in fast-paced environments that require a short contact time and broad coverage of microorganisms.

Sani-Cloth® Prime Germicidal Disposable Wipe²

Powered by a next generation formulation effective against HAI causing pathogens in just one minute.

Sani-Cloth® Bleach Germicidal Disposable Wipe²

Ideal for disinfecting areas contaminated with *Clostridioides difficile* spores, *Candida auris*, and Norovirus.

Sani-Cloth® AF3 Germicidal Disposable Wipe²

Alcohol-free. Fragrance-free. Worry-free. Ideal for use around patients and staff, especially those with respiratory sensitivities.

Sani-Cloth® Plus Germicidal Disposable Cloth²

Simple, reliable protection—one-step disinfection ideal for physician offices, dental clinics, and other alternate care settings.

These products are effective against *Candida auris* on hard, nonporous surfaces.**

¹Market leadership claims based on Q4 2024 Clarivate Data.

²<https://www.epa.gov/pesticide-registration/list-n-disinfectants-coronavirus-covid-19>

^{*}Sani-HP1™ is not yet available for sale or distribution into Hawaii or Oregon.

^{**}On hard nonporous surfaces

^{***}Sani-Cloth® Plus Germicidal Disposable Cloth compares to competitor quat/low-alcohol disinfectant products.

Environment of Care

Environmental Services Disinfection

PDI has developed a variety of products designed to support Environmental Services Professionals in their vital role to stop the spread of preventable infections.

- + Full portfolio of ready-to-use products available in a variety of formulations for use in daily & terminal disinfection
- + Available in bulk, pail, refill, and canister packaging configurations
- + Easy to use products that require no measuring, mixing, dilution, or secondary cleaning steps
- + Cost-efficient alternative to microfiber rental programs
- + Color-coded for ease of implementation, replacement, and compliance
- + Compliant with CDC Guidance Disinfection and Sterilization in Healthcare Facilities³
- + Compliant with AHE practice Guidance for Environmental Cleaning³
- + Bilingual training materials and signage available for convenience and efficiency in Environmental Services

Environmental Cleaning

Easy Screen® Cleaning Wipe

A compatible, 70% IPA touchscreen cleaner that works at the speed of technology.⁴

- + Features the power of 70% isopropyl alcohol (IPA)
- + Fast drying and anti-streaking
- + Removes dirt, grime, fingerprints, and smudges⁵
- + Meets AORN's "Guideline for Surgical Attire" to clean cell phones, tablets, and other personal communication or hand-held electronic equipment⁶
- + Energized electronic equipment use only

UVC Disinfection

Since 2007, **Tru-D** SmartUVC has been a leader in the UV space with intelligent, intuitive disinfection solutions. With the new iQ system, **Tru-D** SmartUVC's smart, layered approach to cleaning and disinfection can be implemented in more spaces than ever before, while still maintaining high efficacy and detailed reporting.

- + A simple "one-step" solution using a single device and a single cycle that ensures thorough room disinfection
- + 24/7 support with in-house technicians and implementation specialists located throughout the U.S. who provide on-site service and education
- + Brand-new technology in **Tru-D** iQ, built on more than 15 years of customer insights and peer-reviewed studies⁷

Interventional Care

Different infection risks require different solutions. Our Interventional Care solutions help you protect even the most vulnerable patients.

Prevantics® Skin Antiseptics

3.15% (w/v) chlorhexidine gluconate (CHG) and 70% (v/v) isopropyl alcohol (IPA) topical skin antiseptic.

- + Swab is approved for preinjection skin preparation
- + Swabstick and Maxi Swabstick are approved for preoperative and preinjection skin preparation
- + Swabstick and Maxi Swabstick are clinically proven to have continuous antimicrobial activity for up to 7 days⁸
- + Premoistened, ready-to-use applicators contain no glass

Swabstick & Maxi Swabstick Only

Swab Only

Prevantics® Device Swab

3.15% (w/v) CHG/70% (v/v) IPA solution for the disinfection of needleless access sites and tops of blood culture collection bottles prior to use.

- + The only 3.15% CHG/IPA solution to receive 510k clearance from the FDA for disinfecting needleless access sites
- + Strip format hangs conveniently on an IV pole for point-of-care accessibility
- + Prep pad design allows for friction scrub and cleaning of threads of the needleless connector

Profend® Nasal Antiseptic Kit

Easy-to-use, pre-saturated 10% (w/w) povidone-iodine swabstick – just snap and swab!

- + Assured treatment compliance as product is applied by clinician
- + Kills 99.7% of *Staphylococcus aureus* at 10 minutes
99.9% at 12 hours¹¹
- + Ideal for *S. aureus*-colonized patients in the surgical unit, ICU, and other areas of the hospital¹²
- + Neat, dry handle design minimizes mess
- + 4 swabsticks per patient/2 swabsticks per nostril for 15 seconds each

Patient Care

Help your patients and residents remain clean and comfortable with our Patient Care solutions.

Sani-Hands® Instant Hand Sanitizing Wipes

Designed for everyone – including staff, patients, residents, and visitors.

- + Kills 99.99% of many common bacteria found on hands¹³
- + Physically removes dirt/soil better than an alcohol gel or foam¹³
- + Safe to use before eating and drinking¹⁴

Hygea® Multi-Purpose Washcloths

Suitable to use on all areas of the body, including face and neck.

- + Premoistened washcloth for full body personal cleansing
- + Gentle cleansing formula contains soothing aloe and vitamin E
- + Hypoallergenic, alcohol-free, and does not contain natural rubber latex

Hygea® Flushable Wipes

Cleans and refreshes better than dry bathroom tissue alone.

- + Ideal for perineal cleansing and incontinence care
- + Safe for well-maintained sewers and septic systems¹⁵

PDI® Unscented Baby Wipes

Nurture your baby's skin with gentle one-step cleansing and moisturizing.

- + Dermatologist-tested and clinically proven as safe on eczema-prone skin¹⁶
- + pH-balanced and hypoallergenic¹⁶
- + Helps soothe dry skin and reduce skin redness to help maintain healthy skin¹⁶

Point-of-Care Accessories

Products kill bugs, but people prevent infections.™ Our point-of-care accessories help put PDI products in the right place at the right time to help healthcare professionals do their job more efficiently and effectively.

All of PDI's point-of-care accessories are designed to support compliance with facility protocols.

Sani-Bracket®

Easily attach **Sani-Cloth**, **Sani-Hands**, and **Easy Screen** canisters to walls or equipment for convenient access. The **Sani-Bracket** is available in Medium, Large/Extra Large, and Large/Extra Large Double Canister.

Sani-Canister Caddy®

The countertop holder for canisters is perfect for nursing stations and carts. It helps display important product and compliance information, such as contact time and precautionary language.

Sani-TAG® Equipment ID System

Sani-TAG Equipment ID System adheres to surfaces and equipment to help staff identify the specific surface disinfectant that should be used on the particular item.

- + The "Clean Tags" help staff easily identify when equipment has been disinfected and meets regulatory and accreditation standards for identifying clean vs. dirty equipment
- + All **Sani-TAG** labels remove easily and leave no sticky residue

Floor Stands

Ideal for placement in high traffic areas for quick, easy access to hand hygiene and cleaning wipes. For example, the PDI Safety Station has:

- + Bins to provide tissues and masks
- + Two brackets to hold **Sani-Hands** wipes for hand hygiene and **Easy Screen** cleaning wipes so visitors/staff can clean touch screens (i.e., phones, tablets and other digital medical equipment)¹⁷

¹⁷Consult your manufacturer's instructions for use. Cleaning the screen of your mobile device with a wipe containing alcohol may reduce the life span of any anti-fingerprint coating. Please check your device manufacturer's cleaning instructions.
