New Look for Sani-Hands® Instant Hand Sanitizing Wipes

ATTN: Customers & Distributors

PDI® is excited to share that our **Sani-Hands Instant Hand Sanitizing Wipes** are transitioning to a new artwork design! This refreshed, new look will be implemented across all Sani-Hands SKUs: P13472, P15984, D43600, and P71520. The new artwork design is currently being phased in and will continue over the next several months. During this transition period, customers may receive a mix of products featuring either the old or new designs until the transition is fully complete.

Please Note:

This artwork update does not impact the SKU number, product formula, packaging material and configuration, applicator, case cube, weight, or pallet TI/HI.
